Why Autism:

Millions of people around the world are connected to autism. The Center for Disease Control estimates that 1 in 31 people under 21 living in the United States are on the autism spectrum, making it the fastest growing developmental disorder.

For Eagles Chairman and CEO Jeffrey Lurie, it is personal. With autism in his own family, he is just one of many families dealing with this condition and has seen first hand the difference the right resources can make.

Welcome!

Welcome to the Eagles Autism Foundation family!

Thank you for joining us for the 10th Eagles Autism Challenge, a milestone year that celebrates a decade of impact, hope, and progress for the autism community.

By registering as a participant, you've already taken the first step toward making a meaningful difference in the lives of individuals and families affected by autism. Over the past nine years, the Eagles Autism Challenge community has raised more than \$56 million to fund innovative autism research and care programs!

Now, it's time to celebrate 10 Years of EAC and we couldn't do it without YOU. This anniversary isn't just about looking back on how far we've come; it's about coming together to make our biggest impact yet. Every participant, fundraiser, donor, volunteer, and supporter plays a vital role in this mission.

As you begin your fundraising journey, the Eagles Autism Challenge Fundraising Toolkit is here to help. Inside, you'll find resources, tips, and creative ideas to inspire your fundraising efforts and help you reach and exceed your goals.

MISSION

The Eagles Autism Foundation is dedicated to raising funds for innovative autism research and care programs. By providing the necessary resources to doctors and scientists at leading institutions, we will be able to assist those currently affected by autism as well as future generations. The Eagles Autism Challenge aims to inspire and engage the community, so together, we can provide much-needed support to make a lasting impact in the field of autism.

Championed by Eagles Chairman and CEO Jeffrey Lurie, the Eagles Autism Foundation sets out to fund innovative research, drive scientific breakthroughs, and provide critical resources to create a major shift from awareness to action through the signature fundraising event, the Eagles Autism Challenge. One hundred percent of participant-raised funds from the team's signature charity event are invested into the autism research and care community, with more than \$56 million raised since 2018.

FROM AWARENESS TO ACTION

Today, millions of people around the world are connected to autism. The Center for Disease Control estimates that 1 in 31 people under 21 living in the United States are on the autism spectrum, making it the fastest-growing developmental disorder.

At the Eagles, we take our responsibility to the community very seriously and look for how to best leverage our brand and ability to bring people together in order to drive critical resources and funding to autism. We want to give a voice to families who live with autism – the ones who are out there every day advocating, promoting, supporting, and seeking out opportunities for their loved ones.

One organization can't do it alone, so we are partnering with thought leaders to advance scientific breakthroughs. Together all of us can shift from autism awareness to action for transformational impact, not only in Philadelphia but throughout the world.

A MESSAGE TO OUR FUNDRAISERS

Since 2018, thousands of participants from around the world have united through the Eagles Autism Challenge to transform autism awareness into action. Together, we have helped fund cutting-edge research, expanded access to critical resources, and strengthened communities through the mission of the Eagles Autism Foundation.

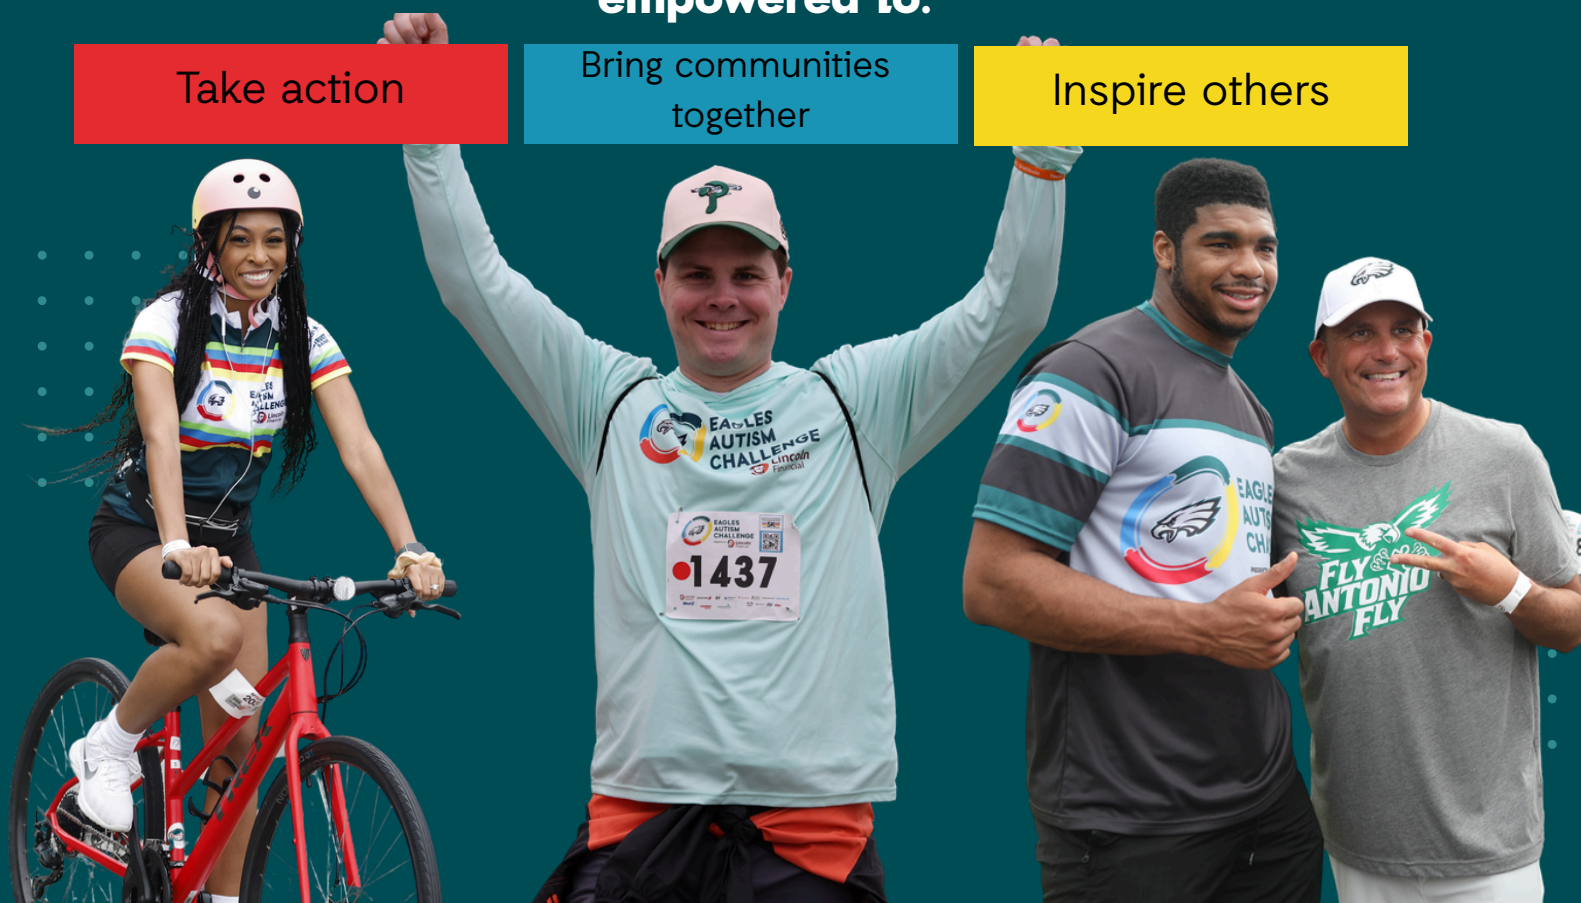

As you take part in this year's Challenge, know that every mile you ride, every step you take, and every dollar you raise contributes to something far greater than a single event. You are raising funds for innovative autism research and care programs to support the autism community. Thank you for joining us as we celebrate ten years of impact. We are proud to have you on our team and can't wait to celebrate this unforgettable weekend with you.

As a fundraiser/advocate for Eagles Autism Challenge you are empowered to:

Take action

Bring communities together

Inspire others
